The GIGA X8c allows JURA to demonstrate Swiss innovation and professionalism down to the very last detail. Anywhere where a capacity of up to 200 cups is the order of business, the machine impresses users with its quality, functionality and reliability. Coupled with top performance in every respect, this results in a high-tech automatic coffee machine which is ideally tailored to the requirements of office floor, seminar, catering and Coffee to Go solutions.

The GIGA X8c features the new payment and management system Pocket Pilot 2.0. Pocket Pilot 2.0 allows both cashless payment and central machine monitoring without any additional infrastructure. This is made possible by Payment Connect, which is easy to install in the GIGA X8c. This web-based system is free and does not require any software to be installed. Once you have created an account for JURA Pocket Pilot 2.0, you have access to a comprehensive, user-friendly management system.
